RV Friendly Town – Booleroo Centre

In collaboration with the Booleroo Centre Recreation Grounds, Council recently signed a letter of understanding with the Campervan and Motorhome Club of Australia (CMCA) to officially declare Booleroo Centre as an RV Friendly Town.

The Booleroo Centre RV Park is now recognised through the CMCA network as a place providing amenities suitable to the campervan and motorhome audience such as general shopping, suitable and low cost parking and access to potable water and free dump point.

Being an RV Friendly Town provides the opportunity to promote the region's attractions and capture a part of the tourism growth market.

"This is a fabulous initiative which will benefit the Booleroo Centre community and the wider community of our Remarkable district. Council is pleased to support the local community and progress groups with these types of tourism attracting initiatives." said Council's Mayor Phillip Heaslip.

"Booleroo Centre is proud to be part of such a widely recognised initiative. Since 2020 CMCA has been on board guiding our initial project "installing an RV Park" and we are honoured now to be recognised as an RV Friendly Town. Without the efforts of our community in getting the park established and the funds from Council through the Drought Communities Program we would not be where we are today, so we thank everyone involved and look forward to what this brings to our town and the entire District" said Emma Waters, Treasurer of the Booleroo Centre RV Park.
