### Things to consider

- Voiteck Pricing is GST Exclusive and valid for 30 days of proposal submitted.
- Voiteck assumes that the Australia Communications and Media Authority (ACMA) certify all existing cabling.
- Adequate level of remote access as determined by Voiteck is required.
- No unauthorised access to communication cabinet or Voiteck system.
- The customer is responsible for providing access to handsets at all sites.
  - The customer is responsible for all telecommunications negotiations.
- If the customer requires / wants to plug third party devices such as headsets, recording devices, monitoring tools etc. that are not supplied by Voiteck into the handsets provided by Voiteck, then the customer is required to support and test the product at their own expense and time.
- The customer IT environment on site is their responsibility including the below;
  - Telephone line infrastructure
- Network cabling
- Any down time from current or future telephone provider
- Voiteck recommends to ensure voice quality is for a direct handset connection as per specifications in Voiteck proposal.
- Voiteck will assist the customer in diverting their numbers, if required, for a period of a month. This diversion will stay in place until ported or removed and it is the Customer's responsibility, with the support of Voiteck to Port their numbers to the new supplier. During this period the customer will be billed a diversion cost per call.
  - Porting of numbers can take between 30 90days. All information supplied by the customer must be correct for the port to occur. It is the responsibility of the customer to obtain all correct billing and supplier information for this to occur.
    - Customer must pass credit approval.
- Pricing based on a 36 month contract, unless otherwise stated in the agreement.
