BOOLEROO / PEKINA ROAD PROJECT

Council recently received advice from the Hon Tom Kenyon MP, Acting Minister for State / Local Government Relations, that funding of \$1,085,000 had been approved in 2012 / 2013 for the joint Council Booleroo / Pekina Road project.

Subsequent advice has indicated that all of these funds will go to the District Council of Orroroo Carrieton in 2012 / 2013 to enable that Council to complete its section of the road.

This is disappointing from Council's perspective as works were scheduled to commence in January. Effectively, the work on this Council's section of the road will now be put back 12 months.

The following table indicates the project time frames for each of the three funding submissions that have so far been made.

	2010 Application (unsuccessful)		2011 Application (successful)		2012 Application (part successful)	
2010 / 2011	DCOC					
2011 / 2012	DCOC	DCMR	DCOC		DCOC	
2012 / 2013	DCOC	DCMR	DCOC	DCMR	DCOC	DCMR
2013 / 2014			DCOC	DCMR		DCMR
2014 / 2015			DCOC	DCMR		

Within the 2012 application, the following financial allocations were sought:

2012 Application - Successful (Part)				
	DCOC		DCMR	
	Council	SLR	Council	SLR
2011 / 2012	385,000	768,000		
2012 / 2013	542,000	1,085,000	215,000	430,000
2013 / 2014			215,000	430,000
2014 / 2015				
	927,000	1,853,000	430,000	860,000

Effectively, there were insufficient funds in the Government's funding pool to allow both Councils to receive the requested amounts.

As a result, Council will seek funding of \$430,000 through the Special Local Roads Program in both of the 2013 / 2014 and 2014 / 2015 financial years.

In practical terms, work should commence at the start of 2014 and be completed later in that calendar year.

Between now and then, preliminary and preparation works will continue.

Residents and ratepayers with any questions or queries are asked to contact the Council Office.

STRATEGIC MANAGEMENT PLAN 2008 - 2020

2020 Vision — Unobstructed Foresight

The Following is an extract from Council's Strategic Management Plan and covers Public Health, Order and Safety.

Improving Wellbeing

Members of our District highly value the fact that their communities have low crime rates; they have a good range of essential and emergency services; lifestyles are healthy with high participation rates in sport and ready access to attractive natural environments; they have numerous opportunities for socialising; and they can rely on neighbours and friends in times of need. It is important that these lifestyle advantages are maintained by continuing to provide a safe and healthy local environment.

STRATEGIES

7.1 Ensure rural communities are equitably treated and represented

- 7.1.1 Lobby responsible levels of government and agencies to ensure adequate infrastructure provision and services
- 7.1.2 Work in partnership with district and regional health services to ensure the provision of adequate doctor and other health services to our communities

7.2 Facilitate the provision of adequate emergency services

- 7.2.1 Support the provision of emergency services to the District
- 7.2.2 Ensure that our communities retain essential local emergency services
- 7.2.3 Work in partnership with district and regional authorities to ensure the provision and funding of adequate emergency services to our residents

7.3 Maintain public health, order and safety

- 7.3.1 Develop and implement a regular mosquito control education campaign
- 7.3.2 Undertake regular inspections of food preparation businesses, encouraging participation in food handling training programs to ensure that all food premises within the District are rated good or excellent
- 7.3.3 Provide health promotion material and activities to encourage Council employees and residents to take responsibility for their own health
- 7.3.4 Ensure that communities have access to adequate medical facilities and visiting General Practitioners
- 7.3.5 Promote and provide an immunisation awareness program to encourage all residents to be immunised
- 7.3.6 Promote and provide an immunisation program for all school children
- 7.3.7 Provide sharps containers within key public toilets in townships

- 7.3.8 To provide support to Rural Watch and road safety groups within the District that work towards achieving the objective of maintaining safe and secure communities
- 7.3.9 Undertake regular liaison with the police to identify problems that may be arising to enable them to be addressed from a community perspective
- 7.3.10 Provide Development Control and inspection services that meet the needs and requirements of all stakeholders
- 7.3.11 Review Council's Development Plan on an annual basis
- 7.3.12 Participate in the development and operation of a regional development assessment panel
- 7.3.13 Respond to other public/community health, order and safety issues as required, e.g. Little Corella control

7.4 Provide quality Dog and Cat Management services that meet the needs and requirements of the Community

- 7.4.1 Provide regular information about their responsibilities to the owners of domestic animals
- 7.4.2 Reduce the number of complaints from residents regarding domestic animals through promoting dog obedience information
- 7.4.3 Actively pursue 100% dog registrations within the Council area by promoting the benefits and through penalties for unregistered dogs
- 7.4.4 Regularly review and report to stakeholders on the implementation of Council's Dog and Cat Management Plan

DOG & CAT CAGES / TRAPS

During January 2013, Council will be undertaking an audit of dog and cat management equipment. Included in this audit will be the dog and cat cages / traps that Council loans to residents and ratepayers free of charge.

To enable this audit to be undertaken fully, all traps that are currently on loan must be returned to the Council Office prior to the start of the Christmas / New Year period.

Anyone who fails to return a cage / trap may incur a charge to cover the purchase of a new cage / trap.

Traps will once again be available for loan following the conclusion of the audit.

Please ensure that any dog or cat trap that you have on loan is returned before the 21st December 2012.

COUNCIL MEETING SNIPPETS

Meeting snippets are written following each Council meeting and may not reflect follow-up decisions etc. Please refer to the Council Minutes & Agenda Reports available on the Council website for full details.

NOVEMBER ORDINARY MEETING OF COUNCIL HELD TUESDAY 13TH NOVEMBER 2012

SELECTION AND APPOINTMENT OF COUNCIL CHAIRPERSON (MAYOR)

The term for the Chairperson (to be called the Mayor) of Council was due to expire on 25th November 2012, being a 2 year period from the Council Meeting of 26th November 2010. Council resolved to elect a new Chairperson for the period commencing on 26th November 2012 and concluding at the next general election of the Council.

The current Mayor, Cr SG Wauchope, was the only nomination for the position and accepted the nomination. There being no further nominations, the Chief Executive Officer declared Cr SG Wauchope duly elected as Chairperson of the District Council of Mount Remarkable.

Cr Wauchope thanked the Elected Members for the opportunity to continue to lead the Council until the next general election and affirmed her commitment to the role.

SELECTION AND APPOINTMENT OF COUNCIL DEPUTY CHAIRPERSON

The term for the Deputy Chairperson of Council was due to expire on 25th November 2012, being a 2 year period from the Council Meeting of 26th November 2010. Council resolved to elect a new Deputy Chairperson for the period commencing on 26th November 2012 and concluding at the next general election of the Council.

There were two nominations received and accepted for the position. Following the vote, the Mayor declared Cr PR Jacobs duly elected as Deputy Chairperson of the District Council of Mount Remarkable.

CHANNEL 9 YOUNG ACHIEVERS AWARDS

Council resolved to nominate Joel Plevin for the 2012 Channel 9 Young Achievers Awards in the 'Coffee Club Arts Award' category. [Joel was recognised in the 2012 Australia Day Awards as the Young Citizen of the Year for the District Council of Mount Remarkable].

WALK 21 INTERNATIONAL CHARTER FOR WALKING

Council endorsed and agreed to sign the Walk 21 International Charter for Walking. The Charter:

"recognises the benefits of walking as a key indicator of healthy, efficient, socially inclusive and sustainable communities and acknowledges the universal rights of people to be able to walk safely and to enjoy high quality public spaces anywhere and at anytime. We are committed to reducing the physical, social and institutional barriers that limit walking activity. We will work with others to help create a culture where people choose to walk through our commitment to this charter and its strategic principles:

1. Increased inclusive mobility
2. Well designed and managed spaces and places for people
3. Improved integration of networks
4. Supportive land-use and spatial planning
5. Reduced road danger
6. Less crime and fear of crime
7. More supportive authorities
8. A culture of walking"

MELROSE MEMORIAL BOWLING CLUB - MEMORIAL GARDEN

Correspondence from the Melrose Memorial Bowling Club sought assistance from Council to address several concerns at the Melrose Memorial Gardens. Council resolved to replace the tree closest to the Club with a 'eucalyptus gillii' as suggested by the club's Greens Manager.

PORT FLINDERS BOAT RAMP

Council was advised that the Port Flinders Boat Ramp Working Party wished to pursue the option of a pontoon style boat ramp rather than a stepped jetty following certain guarantees from manufacturers to allay concerns over pontoon longevity in exposure to sea swells. Alternative quotes and manufacturers guarantees are to be sought in the next week to allow for options to be put to Council for consideration at its December Meeting.

MELROSE CEMETERY NICHE WALL

Council was advised that the Niche Wall at the Melrose Cemetery was nearing capacity and that options for either extension of the wall or alternative methodologies were being explored for the consideration of Council.

NEXT MEETINGS:

The next Ordinary Meeting of the District Council of Mount Remarkable is scheduled to be held at 9.30 am, Tuesday 11th December 2012, in the Council Chambers, Stuart Street, Melrose.

Council resolved that the January 2013 Ordinary Meeting be re-scheduled to 9.30 am, Tuesday 15th January 2013, in the Council Chambers, Stuart Street, Melrose.

CHRISTMAS GREETINGS

Elected Members and Employees
of the
District Council of Mount Remarkable
Wish all Ratepayers and Residents
A Safe and Enjoyable Festive Season

To all our District Council residents, Council employees, staff, volunteers and fellow Councillors, I wish you a most joyous Christmas season.

Christmas is a wonderful time to share with your family and friends and I do hope you all stay safe and prosper in the New Year.

Have a merry merry Christmas with best wishes

Sandra
Mayor Sandra Wauchope
Coastal Ward

I extend Christmas Greetings to you all. May your Christmas break be a Happy and Joyous one.

May the New 2013 Year bring to you all (or at least part) of what you wish for yourself.

Ray
Cr Ray Walker
Ranges Ward

**I wish all Councillors,
Staff and the District Council
of Mount Remarkable Electorate
a MERRY and HOLY CHRISTMAS
and a Safe and Joyous entry into 2013.**

Chris
Cr Chris Ryan
Coastal Ward

I have just completed the first two years of my term as Councillor. I have learnt a lot, not only about Local Government but also about our communities. There is so much more that I want to get my head around and I am looking forward to helping our Council live up to and promote the 2020 vision.

With an expectation that the next two years will be full of challenges (both old ones and new), I would like to ask all residents and ratepayers to assist Council in making 2013 a positive and engaging year. If we can all work together, a lot more will be achieved.

May you enjoy the Christmas and New Year season, travel safely and be kind to those around you.

Peter
Cr Peter Jacobs
Ranges Ward

I wish everyone a happy and safe Christmas, and all the best for the new year.

Colin
Cr Colin Nottle
Plains Ward

To the Residents and Ratepayers of the District Council of Mount Remarkable, I wish you a joyous and safe Christmas and New Year.

Paul
Cr Paul Kretschmer
Forest Ward

COUNCIL INFORMATION

WASTE COLLECTION DURING THE CHRISTMAS AND NEW YEAR BREAK

Please note that there is no change to the arrangement for your weekly General Waste Collection (Red Top Bins) unless you put your bin out on the Horrocks Highway south of Wirrabara.

For those who put their Red Top bins out on a Tuesday along the Horrocks Highway south of Wirrabara, instead of having your bin out on Tuesday 25th December you will need to have your bin out on Monday 24th December.

For the following week please have your bins out for normal collection on Tuesday 1st January 2013 (New Year's Day).

There is no change to the arrangement for your fortnightly Recycling Waste Collection (Green Bins) please put your bin out as you would normally.

Council will be sending out a letter to those who are affected by this.

WASTE MANAGEMENT - RECYCLING UPDATE

So far this quarter (commencing October) we have recycled 21.9T averaging 7.3T per fortnight. We still have the rest of November and December to go. Last quarter we recycled 39.76T averaging 6.626T per fortnight. Please keep up the good work.

Council's Waste Contractor has reported household, garden waste and dust in the recycling. Please remember that garden waste, such as grass and leaves, is not to go in your 240L Green Bin. Garden waste can be composted or put in your 140L Red Top Bin. If you have vacuum cleaner dust / waste that you want to get rid of, please put it into a plastic bag, tie the top and place in your 140L Red Top Bin. Dust and dirt cannot be recycled. Please remember that the 240L Green Bin is for items that can be recycled like plastic, paper, cardboard, tins, glass bottles etc.

If the recycling has got the wrong items in it the whole load will be considered contaminated and may be rejected at the recycling centre. If this occurs it has to be taken to Landfill.

The following is provided as a general reminder to residents and ratepayers.

What Goes in Each Bin?

RECYCLABLE ITEMS INCLUDE:

[These items go in the **GREEN** Top Bin]

Soft drink bottles, ice cream containers, margarine containers, milk bottles, buckets, agricultural pipe, milk crates, bleach bottles, plumbing pipes & fittings, clear cordial & fruit juice bottles, garden hoses, squeeze bottles, black irrigation tube, straws, microwave ware (not Pyrex glass), bread bags, yoghurt containers, plastic cutlery & cups, glass bottles & jars (not mirror glass or window glass), newspaper (not bundled or shredded), magazines, writing paper, cardboard, phone books, milk & juice cartons, steel & aluminum cans (labels left on), egg cartons, pizza boxes (empty and clean), aerosol cans (empty), shampoo, conditioner & cosmetic bottles, cleaned plant pots. **Please remove all lids and ensure all items are empty, clean & rinsed.**

GENERAL WASTE ITEMS INCLUDE:

[These items go in the **RED** Top Bin]

Ceramics, crockery, terracotta, broken glass, window glass, motor oil containers (empty), clothing, pyrex & mirror glass, light bulbs, nappies, sponges, cleaning cloths, linen, fabric, plastic bags, foam, polystyrene, hot drink cups, takeaway foam trays / containers, cling wrap, chip packets, pens, chocolate & sweet wrappers, CDs, DVDs, memory cards, video & audio tapes, alkaline batteries, paint cans (empty), string, rope & wire netting, green waste (It is preferable for this to be composted rather than going in General Waste).

OTHER WASTE ITEMS INCLUDE:

[These items **must not** go in either the recycling or the general waste bins. Alternative waste disposal options **must** be used]

Chemicals, hard materials (ie concrete, rocks, brick, rubble & timber), liquids, sawdust, hot ashes, building products, automobile components, rocks, earth (eg soil, clay), tyres, oil filters that have not been completely drained, e-waste (TVs, video recorders, computers, printers), paint, heavy metal batteries, pharmaceuticals, poisons, oil, ammunition.

Another source of information on recycling, e-waste, hazardous substances, recycling for businesses and many other issues is Zero Waste SA's website: www.zerowaste.sa.gov.au.

The volunteer vehicles **will not** be available between 17th December 2012 and 14th January 2013.

Buses will run as usual.

From the 27th December to 31st December, the office will be operating at reduced hours with one staff member in attendance. During this period, staff will only be available to take future bookings.

ENVIRONMENTAL HEALTH

FOOD SAFETY DURING POWER FAILURES

If you experience a power failure, there are several steps you can take to limit the amount of spoilage to refrigerated and frozen food.

In the event of a power failure that lasts longer than several minutes:

- Take note of the time
- Move perishable food from the fridge to the freezer
- Keep your fridge / freezer doors closed as much as possible to keep the air temperature colder for longer. A closed fridge / freezer should keep your food cool for 4 - 6 hours
- Meat, poultry and fish should be stored in the coldest part of the fridge
- Food businesses using refrigerated display cabinets - move perishable food to fridges or freezers with doors for the duration of the power failure. Food that can't be moved can be covered with a clean insulation blanket to improve temperature stability.

After the power has been restored, you should check the temperature of the fridge. If it is above 5°C and the power has been off for less than 2 hours you can re-refrigerate the food or use it immediately. If the temperature is above 5°C for more than 4 hours or has defrosted in the freezer certain foods may be unsuitable to consume. These include:

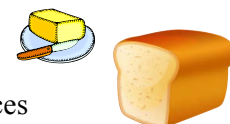

- Raw or cooked meat
- Meat topped pizza
- Manufactured meats

- Casseroles, stews or soups
- Milk, cream, yogurt, soft cheeses (eg camembert / brie), most dips
- Mayonnaise, tartare sauce, or creamy dressing.
- Cooked pasta, potato, rice and salads prepared from these foods
- Cream filled pastries
- Custard

Certain foods can be safely stored at room temperature (above 5°C) for longer periods of time and still be safe to eat. These include:

- Butter and margarine
- Hard cheese
- Fresh fruit, vegetables, herbs and spices
- Dried fruit and nuts
- Open jars of salad dressing, peanut butter, relish sauce
- Mustard
- Bread, rolls, cakes and muffins.

When in doubt, throw it out - you should also discard any food that has an obvious strange colour or odour.

NOTE: Appearance or smell is not always a reliable indicator. Some foods may look and smell fine, but if they have been warm too long, they may contain enough bacteria to make people ill.

For more information please contact Council's Environmental Health & Compliance Officer, Mark Smith on 0427 486 130 or 8666 2014.

ASBESTOS

Although Asbestos Awareness Week has finished, Council thought it timely to include the following article.

The Asbestos Awareness Week (26th - 30th November) and asbestosawareness.com.au aims to alert Australians of the dangers of working with asbestos during home renovations and maintenance and educate them about where asbestos might be found in and around the home.

With Australia having one of the highest incidences of asbestos related cancers in the world, and with confirmed cases of asbestos related cancers continuing to increase as a result of home maintenance and renovation, exposure to asbestos fibres is considered a major threat to the health of Australians.

Having been ranked among the top consumers of asbestos cement products per capita in the world, almost every home built or renovated before the mid 1980s is likely to contain asbestos in one form or another.

In the past, those affected by asbestos related diseases were exposed to raw fibres in the mining and manufacturing process (first wave) followed by workers who used asbestos products in the workplace (second wave). The third wave of asbestos-related diseases predominantly affects people exposed to fibres during home renovations and maintenance, specifically handymen and DIYers as well as

AWARENESS

family members present at the time.

If left undisturbed asbestos generally does not pose a health risk, however with DIY renovations on the increase,

if you are considering doing renovations or home maintenance, you must visit asbestosawareness.com.au to learn where asbestos can be found in the home and how best to manage it.

Most people can't tell whether building materials contain asbestos just by looking at them. Asbestos can be under floor coverings such as carpets, linoleum and vinyl tiles, behind wall and floor tiles, in cement floors, internal and external walls, ceilings, eaves, garages, around hot water pipes, fences, extensions to homes, outdoor toilets and backyard sheds - it could be anywhere.

Before commencing any home maintenance or renovation work, homeowners and renovators, particularly young couples and first home buyers excited about renovating their homes, must learn about where they might find asbestos in the home and how best to manage it so they can protect themselves and their families from asbestos fibres.

Don't play renovation roulette, think smart, think safe, think asbestosawareness.com.au - it's not worth the risk!

COMMUNITY & ECONOMIC DEVELOPMENT

MERIT AWARD FOR MELROSE MAIN STREET

The Melrose Community Development Association (MCDA) in conjunction with the District Council of Mount Remarkable has received a Merit Award for the Best Regional / Country Mainstreet SA 2012 from Mainstreet SA, a State branch of Mainstreet Australia.

This award, sponsored by Regional Development Australia, is in recognition of the redevelopment of the Memorial Gardens, the Playground and the beautification of Stuart Street in Melrose.

The community embraced the cause with gusto and volunteers organised raffles, fundraising and working bees to enable the projects to come to fruition. Council and the MCDA collaborated closely on this project and Council was assisted by community members at all stages, organising working bees and working in conjunction with Council employees. This allowed for the playground to be refurbished with new equipment and outdoor furniture, for the Memorial Garden to be landscaped and furniture installed and for a new wet area to be constructed adjacent to the RSL building for parents to use.

The work extends to regular maintenance by the community of the gardens and verge plantings, in particular Paradise Square. Totally maintained through community work this is a fine example of a restful place with exuberant display of flowers.

"The dedication and hard work of the Melrose Community is inspirational, raising an amazing amount of money and organizing working bees to create a great looking Main Street. It is terrific to see how well the community and Council work together towards a common goal of prosperity and well being for the benefit of all" - Cr Sandra Wauchope, Mayor District Council of Mount Remarkable.

Melrose came second to Ceduna's CBD Streetscape Project in the Best Regional Mainstreet Awards.

Melrose is a small country town but unlike many small towns, its population is not falling, on the contrary there has been a surge of young families moving to the town to enjoy the lifestyle and the surroundings. The community rallied to produce excellent outcomes for the Main Street including increased visitation by locals, providing activities for children and areas of recreation and rest for all ages, enhancing physical activity and health and well-being of children and improving the physical environment and aesthetics of the Main Street.

This award contributes to Community pride and will spur the residents to achieve even more for their town.

BOOLEROO CENTRE MAIN STREET DEVELOPMENT

Council employees have undertaken the redevelopment of the Northern side of Stephens Street from Station Road to the Community Centre. The main features are aggregate concrete paths, garden beds, a wooden gazebo and pebble features.

The Men's Shed is making red gum benches sourced from a local fallen tree which will present a beautiful addition to the landscape.

The garden beds will feature similar native plants to the ones on the Southern side and will be purchased from a local business.

It has been brought to the attention of Council that sections of the community are under the impression that the trees on the southern side of Arthur Street have been earmarked for immediate felling. This is not the case and the community will be consulted as per usual prior to any decision being made regarding the trees.

Should any member of the community have any questions or queries regarding the project they are encouraged to contact the Council Office on 8666 2014.

THINK FEET FIRST.

STEP, CYCLE, SCOOT TO SCHOOL

Are you doing more than 60?

Kids of all ages have lots of energy and need lots of exercise. The national physical activity guidelines for children say that **kids need AT LEAST 60 minutes of physical activity each day**, but recommend that more is better. And it's good for parents too!

Active travel is a great way to add more physical activity to your family's daily routine. Here are three easy steps:

Step One – Start by walking some or all of the way to school. Doing this could add about 20 minutes of activity each day.

Step Two – If you need to go to the local shops to buy a few things, grab a shopping bag, grab the kids and walk or ride to the shops together. You've just added more active travel!

Step Three – If your kids want to visit friends in the local area, why not walk there with them instead of taking the car.

Think Feet First - It all adds up to healthier kids and parents!

THE ROCKY RIVER ARBORETUM AND WALKING TRAIL PROJECT

The Wirrabara Progress Association commenced work on the Rocky River Arboretum and Walking Trail Project about three years ago. In the initial stages, the Association was fortunate to receive a grant from the Northern and Yorke Natural Resources Management Board. This was used to design and draw up a site and management plan for the project.

The project site consists of eight hectares along the Rocky River on the west side of Wirrabara.

A further substantial grant from the same board allowed the project to proceed quickly with the additional funding used to fence the site, supply wire netting tree guards and steel posts, establish walking trails, and to purchase a supply of tree seedlings.

The main objectives of this project are to better utilise this public open space by:

- Revegetating open patches of land using local vegetation species
- Facilitating community education of these plants and the broader environment by including access trails and interpretive signage
- Creating a tourist attraction
- Managing the site to promote native vegetation and decrease the incidence of introduced species along the river
- Improving bird habitat and creating a bird watchers paradise
- Reducing the risk of bushfire impact on Wirrabara township from this direction

The Wirrabara Progress Association has also appreciated assistance from the District Council of Mount Remarkable and Greening Australia to help with various aspects of the project.

The plan for this site consists of a walking trail along the Rocky River that meanders through various groves of native trees indigenous to the area. There are currently twelve different species sites that have been established.

They consist of Drooping Sheoak, Sugar Gum, Blue Gum, River Red Gum, Grey Box, Peppermint Box, Native Cypress Pine, Flinders Range Wattle, Scarlet Bottle Brush, Elegant Wattle, and the Golden Wattle.

Another recently planted section of the plan features Historic Wirrabara Forest Nursery species. The trees consist of Coastal Redwoods, Giant Redwoods, Hoop Pines, Yellow Pines, Radiata Pines and Deodar Cedars. Several other species are yet to be planted but will be when suitable seedlings can be sourced. At this stage, approximately four hundred trees have been planted and are well established.

A comprehensive effort has been made to control various weed species on the site by hoeing, spraying, cutting and swabbing. The weeds of main concern are Briar Rose, St. John's Wort, Silver Leaf Nightshade, Olives, Ash trees, Fennel, Galenia, and Bridal Creeper.

This project is ongoing with the signage yet to be installed, along with the establishment of mulching beds that will display smaller plants compatible to the trees growing around them. A number of bird nesting homes have been made and are ready to be installed in the hope of increasing the number of birds in this area. There is already a large variety of bird species which have been catalogued.

Walking trail posts have been installed but still need to be marked. This trail joins up with the recently completed Rocky River bicycle and walking trail along the old railway corridor.

Many volunteer hours have gone into the establishment of this project. The Wirrabara Progress Association would like to personally say 'Thanks' to all the volunteers for their effort. It has been pleasing to see not only the Association members giving their time but also a large number of community members assisting with this project as well. This has truly been a community effort. There is still much to be done though. The general maintenance of weeding, watering, and slashing is an ongoing task that requires more volunteers. If you are interested, please feel free to contact Greg Pech on 0427565517.

COMMUNITY INFORMATION

PORT GERMEIN MARKET

At the request of stallholders, the Port Germein Market will again be held on the first Sunday of every month, as well as Sundays of long weekends.

Established in 1991 to provide 'small business incubation' opportunities in the form of a regular market place for stallholders and customers. Stallholders offer a wide and varied range of goods; the only prohibitions are: Safety and honesty are naturally expected.

- | | |
|------------|-----------------|
| ★ No guns | ★ No alcohol |
| ★ No drugs | ★ No explosives |

Do you have something to sell? We invite you to join us at the market place beside the Junk Shop in High Street, Port Germein. Come once or join our regulars. The site fee is \$10.00 and trestles and shade are also available.

Set up is from 7.00 am and we trade until 3.00 pm or you sell out! This has been known to happen.

Port Germein is a well visited seaside town which comes to life with tourists and holiday makers as well as locals and the market really bustles!

16<sup>th</sup> December at 6.00 pm

BBQ supplied by the

Melrose Community Development  
Association

Please bring a salad and  
dessert to share

BYO drinks & chairs

**Celebrity Guest: Father Christmas**

### BOOLEROO HEALTH SERVICE; VOLUNTEERS

The Community and Volunteers Activity Program comprises of elderly folk from Booleroo Centre and the surrounding districts who gather on Wednesdays for a morning of fun, fellowship and an occasional educational session!

This article was sent in from Lesley Kulow (Volunteer & Day Care Coordinator).

Once a month we share a meal together and it was after one of these meals that we were privileged to have Janice Moulton come as a guest speaker. Janice shared her passion for the work of Samaritan's Purse, Operation Christmas Child, a voluntary group, and spoke about the red and green boxes that were filled with gifts for children overseas.

*'Something to wear, something to love, some things for school, something to play with.'*

She watched as the elderly folk's eyes lit up with anticipation of what they could do to be involved in this most worthwhile project.

Lesley Kulow accepted six of the colourful boxes and the fun started.

The next week the gifts began arriving, beanies and toys had been lovingly knitted, soap and face washers purchased. The excitement was infectious. Over the following weeks all manner of gifts began arriving as shopping trips for groceries ended up adding items for the boxes - coloured pencils, erasers, sharpeners, toothbrushes and another six boxes were required.

Early in October Lesley sent an invitation for Janice to return and collect the twelve completed boxes and a small heap of extra gifts.

The excitement on October 24<sup>th</sup> was such that the usual exercise program was forgotten as Janice arrived and the twelve completed boxes were handed to her. It is obvious from the photographs that were taken that everyone was delighted with the outcome, and satisfied with a job well done.

Janice Moulton (striped shirt) with some of the people involved in putting the boxes together, Gwenda McCallum (sitting) Helen Rice, Leeann Nicholls, Gweneth McCallum, Corinne Bolton, Lesley Kulow (Coordinator), Cathie Carey, Thelma Battersby, Doreen Graham, Shirley Piggott
