MESSAGE FROM THE MAYOR

Councillor Stephen McCarthy
Mayor

The past several months have been busy for Council, with further local flooding highlighting the challenges facing our district. Alongside these immediate needs, significant strategic work is underway to guide our community's future, including asset management planning, the rates review and development of our Local Area Plan. As Mayor, I look forward to sharing these updates and hearing your views as this work progresses to community consultation.

The State Government has deferred the Local Government elections until April 2027. During this extended term, elected members will:

1. Continue effective management and strategic development of Council.
2. Provide information and meet with community members interested in becoming elected members.
3. Share additional information from the LGA and the Electoral Commission of South Australia.

During the upcoming election, the Mayor will be elected directly by the community, rather than chosen by elected members as in the past.

Any community members interested in becoming an elected member are welcome to attend a Candidate Information Session. Council Staff, along with Elected Members will be holding multiple Candidate Information Sessions across the district in the coming months, more information about these sessions will be available soon. Dates and locations will be made available on Facebook and the Council Website.

Key election dates for 2027:

- Nominations open: 26 January 2027
- Nominations close: 9 February 2027
- Voting closes: 7 April 2027

Serving on Council is a rewarding opportunity to contribute to our community. Please refer to https://www.councilelections.sa.gov.au/ for further information on the upcoming Council Elections.

Following the vandalism that occurred in recent months at Wilmington Cemetery, all plaques that were stolen or damaged have now been replaced. Council sincerely thanks the descendants and their extended families for their assistance, understanding and patience throughout this sensitive and challenging process. We also acknowledge the State Government's commitment and financial assistance. Despite the efforts of SAPOL, those responsible have not been identified.

Cr. Roger Schultz previously tendered his resignation, effective at the end of October 2026, to conclude his four-year term. This timing aligned with the original election schedule, prior to the State Government extending the term until April 2027.

Cr. Schultz advocated for the Wilmington community and the broader Mount Remarkable region. He was always willing to listen and offer encouragement and support on issues that mattered to local residents, ratepayers, businesses and the wider community. We thank Cr. Schultz for his service to Council and our community and wish him well for the future.

At the recent Northern and Yorke Local Government Association's AGM, I was elected co-deputy chair. This role provides an opportunity to champion strategic issues for our Council and region, including roads and transport funding, childcare access, coastal zone management and disaster preparedness and recovery. Other shared priorities include housing, health, education, water security, waste management and working alongside other councils to advocate for State and Federal investment and practical partnerships, ensuring smaller rural communities have a strong regional voice.

Council continues to hold Community Listening Posts at rotating locations throughout the district. These well-attended sessions provide residents with an opportunity to raise local concerns, share ideas and initiatives, meet elected members and receive updates on Council business. I appreciated the opportunity to hear directly from residents about matters important to the local community.

The Wilmington and Willowie 150th anniversary celebrations showcased our region's rich history and the many families with connections to its early settlers. Both celebrations were well attended and deemed a success by the respective organising committees.

Although the two towns have followed different paths, both celebrations highlighted the passion and commitment of community members and organising committees, alongside strong participation from families spanning multiple generations.

It was great to participate and reminisce with community members after viewing photos and memorabilia, that reflected each town's distinctive identity and rich history. The events brought together memorable stories, treasured keepsakes and people returning to reconnect with old friends and families. I was warned that some stories may have gained a little creative licence in the retelling!

These celebrations were a credit to the volunteers who turned an early idea into a reality. Their time, effort and contributions of historical items helped bring both events to life, often with limited funding. Both were thoughtfully planned and delivered, reflecting the spirit of our communities. I commend everyone involved.

Seasonal conditions have improved with increased rainfalls in 2026, compared with the previous three years. However, this has also increased fuel loads and vegetation in National Parks, higher stubble and weed levels on properties, and heavier roadside fuel loads are expected to contribute to an elevated fire risk this fire season.

Council has undertaken the necessary preparations, including weed control and slashing, ensuring equipment is ready and consulting with the CFS to manage the fire season ahead. Additionally, the Council has been proactive with undertaking property fire hazard assessments which have been completed for every town, and notices have been issued to property owners where required. Follow-up inspections will be conducted over the coming weeks.

As previously outlined, Council is reviewing its Asset Management Plans (AMPs) and developing new plans where needed. A rates review is also underway. These reviews guide renewal and maintenance standards, costs and revenue.

Current asset reviews cover:

- Roads—a major component of Council's work and expenditure.
- Land and buildings owned by Council or held in its "care and control" on behalf of the State and Federal Governments.
- Plant and equipment—reviewed throughout the budget cycle.

Council develops these plans and policies through workshops, drawing on internal expertise and specialist advice. Once the documents have been fully developed, they will proceed to community consultation.

Insurance funding has been confirmed for 98% of Council's claim for flood damage to roads in the north-eastern part of our area. Asset Management Plans helped Council assess the damage and provide supporting information for the claim.

Bike trails are used by residents and attract visitors, making their maintenance and risk management important Council responsibilities. Council along with key stakeholders, including DEW, local operators, government funding agencies and tourism organisations recently held a workshop to better coordinate bike trail management. Further workshops will explore best-practice management, funding, upgrades and promotion.

I regularly receive positive feedback from community members regarding the dedication of Council management and staff in responding to local needs and maintaining service standards. This feedback is shared with our staff and is sincerely appreciated.

A new Tourism and Communications Officer will also be commencing in the coming weeks. They will provide valuable support towards Council's operations, ongoing strategic planning and tourism operations and sustainability.

Council is developing a Local Area Plan (LAP) with Regional Development Australia's assistance to guide the future of our towns and district. The work ahead will focus on reviewing local needs, identifying opportunities and preparing a draft plan for community consultation. Residents will then have the opportunity to help shape priorities before the plan is finalised for submission to the State Government by 2032.

TINY TOWN SIGNAGE

Following on from the SA Tiny Tourism Town and People's Choice Awards, signs promoting the awards have been placed at both entrances to Melrose.

The works team have also replaced two of the brown tourist information signs that were either worn or had reflective issues of a nighttime.

These include the sign as you enter Melrose heading north and the sign at the entrance to Wilmington heading south.

CEO UPDATE

As we move into spring, it is a good opportunity to reflect on the projects, events and initiatives progressing across the district.

Resilience remains a key theme across our communities. Following further significant weather events and damage to local infrastructure, Council has continued road restoration, repairs and maintenance across the district. Our outdoor works team and contractors are working diligently to improve road conditions and maintain access for residents, visitors and primary producers. Council also continues to advocate for disaster recovery support for our road network and related infrastructure, including the bike trail bridge over the Rocky River near Stone Hut as well as road damage from earlier in the year. It's really been an extraordinary year so far with extreme weather events.

Infrastructure investment remained a priority throughout the quarter. Road sealing, patrol grading and township maintenance have continued across several locations, helping maintain the assets our communities rely on. While regional road conditions remain challenging for councils across South Australia, we are committed to practical, sustainable outcomes.

The Port Germein Jetty remains another major focus. Following substantial storm damage, it is one of Council's most important infrastructure and tourism projects. Working with the Department for Infrastructure and Transport (DIT), Council has progressed engineering assessments, heritage investigations, costings and planning for immediate repairs and longer-term rehabilitation. Storm repairs are estimated at approximately $1.5 million, with long-term rehabilitation estimated at $10 million.

Although the jetty is owned by the State Government, Council continues to advocate strongly for its restoration because of its importance to the community, visitors and regional economy. The project is gaining momentum, with procurement and tender documents for storm repairs being finalised and contractors expected to be engaged soon. Once confirmed, Council will provide clearer construction and reopening timelines.

Community partnerships continue to help deliver positive outcomes. A wonderful example is the Booleroo Centre Men's Shed, whose members have refurbished and repaired public furniture, including tables for Wirrabara. Initiatives like this demonstrate the strength of volunteerism and the value our community groups provide.

Strong participation in cultural and community activities has also been pleasing. In conjunction with the Melrose Progress Association, the recent ABC Pop Up Piano 2026 Community Launch Concert in Melrose brought people together through music and added vibrancy to the district calendar. Events like this showcase the character of our towns and create opportunities for residents and visitors to connect.

Council continues to support local organisations through Community Assistance Grants, helping groups deliver projects that strengthen connections and wellbeing. Volunteers, sporting clubs, progress associations and service groups remain among the district's greatest strengths. Announcements are expected to follow soon, so please stay tuned.

Council has also undertaken considerable work on long-term financial planning, asset management and future service delivery. Meetings and workshops throughout July, August and September focused on balancing community expectations, infrastructure needs and financial sustainability. This work is critical to maintaining quality services while planning responsibly for the future.

Tourism remains an important economic driver, and Melrose and the broader region continue to gain recognition as destinations for authentic regional experiences. We have recently advertised for a tourism and communications role within Council (in place of an existing position) and we look forward to working with all communities, businesses and stakeholders in the future to support key tourism strategies as an important part of our economy.

Looking ahead, Council continues to seek external funding for infrastructure, recreation and active transport projects that will deliver long-term community benefits. With rising fuel costs and expectations, this funding is critical to maximising outcomes for residents.

Finally, I thank our staff, Elected Members, volunteers, community organisations and residents for helping make the District Council of Mount Remarkable a great place to live, work and visit. Recent achievements reflect the strong partnerships across our communities, and I look forward to continuing this work in the months ahead.

Marc Gardner
Chief Executive Officer

A BRUSH WITH ART OPENING NIGHT

Council hosted the Opening Night of the A Brush with Art Event on Thursday 3 September. The event was held in the Council Art Gallery and Chambers with attendance by members of the Committee, Council Mayors and artists from the many towns involved in the month long event.

WILMINGTON 150TH CELEBRATIONS

After months of planning, Wilmington celebrated 150 years on the weekend of the 16th – 18th October.

The weather was certainly with us, with every day beautiful and sunny if not a little warm.

Friday night started with the meet and greet at the complex, approx. 150 people from all over Australia came back "home" to catch up with friends and family. They were treated to a video collection from Dan Woolford of "farming back in the day" that had been left to him by his uncle John Modystach. The Memorabilia shed was open and guests spent time reminiscing over photos and "old" relics borrowed from many families and community groups. One of the highlights was the replica railway station that was being displayed by David Christie.

Over the weekend many members of the public were in awe of the wonderful display that was shown.

Saturday morning had us up bright and early to attend the opening of the Replica of the Water Tower from the Railway Station at Centenary Park. This wonderful sculpture was designed and built by Mark Harrison at Terka Creations. The Hon. Dan van Holst Pellekaan officially unveiled the photos and detailed timeline.

The Back to School was a roaring success, with the Governing Council committee and helpers cooking 350 lunches for the hungry visitors. School tours were conducted by staff and students at the school. Many ex-schoolies wandered through the school, looking at the wonderful displays that the staff and students had worked very hard to get together.

The cutting of the cake was done by Mrs Audrey Bury and the capsule was taken out by Mrs Margaret Larsson.

The CFS unveiled two sculptures, also made by Mark Harrison, to commemorate the wonderful work that our CFS volunteers do for our town.

We had an exhibition at the Golf Club, by ex-resident John Gamlen. Our newest Gallery opened in town, and people were in awe of the new mural that the Op Shop had finished for the weekend.

Saturday night saw all the glad rags come out and everyone attended the 150th Cabaret. Bush Dancing and a DJ made sure everyone was entertained but the highlight of the evening was the wonderful fireworks display!!!!

ISSUE 284 – OCTOBER 2026

Early morning again, to attend our combined church service it was wonderful to see so many visitors coming to worship Sunday morning.

18 entries were in our Street Parade with the parade being led by Dig Storey, one of the original members of the relay team that did the grain run from Wilmington to Port Germein.

And finally, there was a relaxing lunch at the complex with games for the kids and adults. Many of our visitors were already on the road heading home but it was great to see the locals come down to wind down with us all.

Thank you to each and everyone who helped over the weekend. To the shop keepers that worked tirelessly to ensure people were fed and watered. To our sponsors, including District Council of Mount Remarkable we could not have done it without you. And once again, to the visitors and residents of Wilmington. You all did the town proud. Well done.

Melenee Ellard on behalf of the Wilmington 150th Committee

CHRISTMAS CLOSURE

The District Council of Mount Remarkable will be closed for the holiday season from 4:30pm on Wednesday 23rd December 2026 and will reopen at 9:00am on Monday 4th January 2027.

For all after hours emergencies please call 0438 977 724.
The Mayor, Councillors, Senior Management and the Administration team wish you a Merry Christmas with your families and a safe and prosperous New Year.

CITIZENSHIP CEREMONY

Council was honoured to host a Citizenship Ceremony for two conferees on Tuesday 22 September in the Council Chambers in Melrose.

Hendrekje (Erica) Lock (pictured left, with Mayor McCarthy) was one of the conferees, who took the pledge of commitment to Australia. Mayor McCarthy, Councillors, CEO Marc Gardner, the Hon Geoff Brock MP and Council Administration were in attendance for the ceremony.

COUNCIL POP-UP SERVICES IN EACH TOWN

Council Administration staff provided a pop-up service in Port Germein, Booleroo Centre, Wilmington and Wirrabara during August. Community members were given the opportunity to pay their rates and cat and dog registrations as well as talk to Council staff regarding planning and development matters.

Overall the visits were well supported by the community with Booleroo Centre being a favourite due to the coffee and donuts on offer.

MELROSE PIANO CONCERT IN THE PARK HITS ALL THE RIGHT NOTES

On Sunday 23 August, Melrose hosted a Pop-Up Piano concert against the stunning backdrop of Mount Remarkable, more than 100 people gathered in the RSL Memorial Park to celebrate music, community and the arrival of Melrose's very own ABC Pop-Up Piano. From jazz and classical favourites through to modern pieces, audiences were treated to a wonderful showcase of local talent spanning generations, with young and old alike taking to the keys and sharing their love of music.

A huge thank you goes to the ABC and *The Piano* initiative, which saw the District Council of Mount Remarkable secure one of only 10 public Pop-Up Pianos awarded across Australia this year. Melrose was selected from nominations around the country and is now home to one of these special instruments designed to bring communities together through the power of music.

Special thanks must also go to the Melrose Community Development Association, whose ongoing commitment to enhancing community life has helped provide a permanent and publicly accessible home for the piano in the historic old RSL building on Stuart Street. The piano is now available for locals and visitors to enjoy, conveniently located near the Melrose Caravan Park, Melrose Hotel, Over The Edge Café and the District Council offices.

Most importantly, thank you to every pianist who performed, every volunteer who helped organise the event, and everyone who came along to listen, support and celebrate. The afternoon was a wonderful reminder that music has a unique ability to connect people, create memories and strengthen communities.

The verdict from performers and audience members was unanimous: let's do it again!

2026/2027 SWIM SEASON

The weather's warming up and the Booleroo Pool is opening soon!!

Council's Pool Co-ordinator, Trish Wilson can be contacted to facilitate membership payments using the eftpos machine at the pool as payments can only be accepted by cash, cheque or eftpos (no EFT payments are available). The pool committee will continue to operate the Canteen facility with the assistance of the many volunteer parents and grandparents.

The pool is contactable during opening times on 0421 773 316 or Council can be contacted on 8666 2014 with enquiries during business hours.

Fingers crossed for a hot sunny day on Saturday 14 November!!

COLLINS ROAD RESHEETING

Road re-sheeting works progressed along Collins Road at Booleroo Centre at the end of September 2026. Rubble material was laid and spread to improve the unsealed road surface assisting to maintain road conditions. The recent re-sheeting was on a portion of Collins Road which now sees the entire road in an improved condition.

2027 CITIZEN OF THE YEAR AWARDS – NOMINATIONS NOW OPEN

It's that time of the year again when we come together to honour the unsung heroes among us. The Citizen of the Year Awards are back for 2027, and we need your help to recognise those individuals and groups who have made remarkable contributions to our community.

Why Nominate? The Citizen of the Year Awards celebrate and commend those who have gone above and beyond, making our community a better place. They shine a light on individuals and organisations whose outstanding service often goes unnoticed.

Their dedication spans various fields, including education, health, fundraising, charity work, sports, arts, and environmental initiatives, among others. These contributions are the threads that weave the fabric of our society, making it stronger and more vibrant.

2027 Award Categories

Citizen of the Year Award: Honouring the most outstanding Citizen in our local government area.

Young Citizen of the Year Award: Celebrating exceptional young individuals aged 16 to 30.

Junior Citizen of the Year Award: Recognising young talents under the age of 16.

Community Event of the Year Award: Commending those who have organised exceptional community events.

Award for Active Citizenship: Applauding those who have made significant contributions to our community through projects and events.

Nominations open: 1 October 2026

Nominations close: 20 November 2026

You can nominate deserving individuals or organisations through the online portal provided by the Australia Day Council of South Australia's website or by using the form available through Council. For online nominations, visit https://citizenoftheyear.com.au/nominate/. Alternatively, you can download the nomination form and submit it to Council via email at postmaster@mtr.sa.gov.au. You can also deliver the completed form in person or by post (must be received before 20 November 2026) to the Council Administration Office at 3 Stuart Street, Melrose.

Elected Members will assess nominations at the December 2026 Ordinary Meeting of Council, currently scheduled for 15 December. The awards will be presented during our community's 2027 Australia Day celebrations by a Council official. Winners from our local awards will be submitted to the Australia Day Council of South Australia for consideration in the State Awards. Please note that the "Junior Citizen of the Year" category is not eligible for the State Awards. Encourage your friends, family and neighbours to nominate someone they believe deserves recognition. Together, let's make the 2027 Citizen of the Year Awards the most memorable yet!

PLEASE NOTE: If you are nominating a special young person for the Junior Citizen of the Year Award, you must use this application form and submit it directly to Council, as we have created a modified nomination form to include the Junior Citizen of the Year Award.

WILLOWIE 150TH CELEBRATIONS

The day dawned damp and quite chilly on Sunday morning, but it didn't stop about 45 people from attending the unveiling of a memorial plaque at the Hundred of Willowie "Scrub School". By 10 am the rain had cleared and Ian McCallum and Max Koch were able to share memories of attending the little one teacher school along with their older brothers and sisters. The school operated from 1900 to 1946 with 160 pupils attending over that time. The oldest living scholar, Mrs. Rae Harris (nee Bull), who, at 101, was unable to attend, sent her best wishes and some memories of the school and teachers.

From there visitors were able to move to inspect the Willowie Cemetery or to view the Historical Displays at the Willowie Hall, before moving to the Main Road, where a new commemorative sign was unveiled by our local Federal Member, Tom Venning. A good crowd were present to hear him note the "Plain of Contrast" and how the landscape had changed since last season and complimented the community on their efforts to commemorate their 150 milestone. Tom and his wife Bonnie joined the crowd back at the Willowie Memorial Hall for a BBQ lunch before they had to leave for Adelaide and a flight back to Canberra.

The guest speakers started at 2pm, with Trevor Gum acting as MC. The kindy children performed their version of Welcome to Country, and Trevor welcomed approx. 150 guests to Willowie for our celebrations. Ian Jones paid a sincere tribute to the early pioneers who laid the foundations for the community we now have.

Two of our senior community members, Mrs. Shirley McCallum, and Mrs. Margaret Kumnick were invited to say a few words and cut the celebratory cake.

The District Council of Mount Remarkable Mayor, Councillor Stephen McCarthy spoke on the importance of community and congratulated the community on the program, followed by David Greig who gave an entertaining tale of the Greig families and their contribution to Willowie. Bentley Foulis gave a summary of the changes in farming and agriculture in the last 50 years, while Grant McCallum gave a sporting summary, many memories being reignited there! Di Barrie thanked all the speakers and the community for the effort put into making the event the success it was.

The usual "Big Willowie Afternoon Tea" was a fitting end to a busy and fun day. Many old acquaintances caught up, some new ones made, and so many memories revisited. The historical displays triggered much discussion, laughter and memories.

The Willowie Community would like to acknowledge and thank the DC Mt Remarkable on their support in the lead up to the extremely successful Celebrations!

FIRE DANGER SEASON & PERMITS

Fire Danger Season commenced on 15 October 2026 and ends on 15 April 2027.

With increased bushfire risk expected in the northern parts of South Australia due to elevated fuel loads and curing, the Fire Danger Season will start on 15 October in the Flinders, North East Pastoral, North West Pastoral Eastern Eyre Peninsula and West Coast districts.

Fire Activities without a Permit

Some outdoor open fire activities are permitted to be undertaken during the Fire Danger Season provided that strict conditions are complied with. These activities include: wood fire pizza ovens (adhering to the code of practice), using gas appliances for cooking, electric welders and angle grinders, and fires for cooking and personal comfort (refer to CFS website for conditions).

The use of above ground fires, such as chimineas, fire drums, braziers, are only permitted with the use of permits and compliance with conditions.

Type of permits

There are two types of permits that can be issued by an Authorised Officer:

Schedule 9 Permit - may be issued for fires or activities on days during the Fire Danger Season that are not Total Fire Ban days.

Schedule10 Permit - may be issued for fires or activities on days that are Total Fire Bans - these are intended for emergency use only.

To find your nearest Authorised Officer contact your local council, in CFS region 4 you can use the link below to apply for a permit from Region 4.

https://sacountryfireservice.snapforms.com.au/.../permit...

You can also apply to an Authorised Officer for a permit either in person, by mail, email, over the phone or via radio. The Authorised Officer will assess your permit application before issuing a permit.

For Further Information, please refer to the links below:

https://www.cfs.sa.gov.au/.../fire-danger-season.../...
https://www.cfs.sa.gov.au/plan-prepare/bushfire-ready/
For a list of what you can and cannot do during Fire Danger Season and Total Fire Ban days, you can:

Call the CFS Information Hotline on 1800 362 361
Visit the CFS website: https://www.cfs.sa.gov.au/.../what-can-i-do-what-cant-i-do/
Call our office on 8666 2014
To report a fire hazard call us on 8666 2014, lodge your report through the My Local Services App or go to our website: https://www.mtr.sa.gov.au/services/complaints

HOTDOGS AT HAMMOND

Hotdogs at Hammond was a wonderful success, bringing people together for an afternoon of food, friendship and community connection.

Over the four-hour event, approximately 50 people attended, with 86 trays of food served. The hotdogs proved so popular that many people came back for seconds! The Halls soft drinks were also a big hit, with Sarsaparilla and Raspberry emerging as the clear favourites.

One of the most encouraging aspects of the afternoon was seeing people enjoying the opportunity to relax, catch up with old friends and make new connections. It was particularly pleasing to welcome people from Hammond, Carrieton, Wilmington, Melrose, Terka and Morchard, highlighting the value of bringing neighbouring communities together.

We were also fortunate to enjoy beautiful weather throughout the event, although a storm was approaching as the afternoon drew to a close. It was wonderful to see so many people willingly lend a hand with packing up, helping us get everything loaded and away just in time to beat the storm! Their generosity and willingness to help were very much appreciated and reflected the wonderful community spirit that made the event so special.

We would like to express our sincere appreciation to our generous sponsors and supporters: Upper North Farming Systems Group, PIRSA through its Connecting Communities Events Grant, K-Dogs Hotdogs, Halls Soft Drinks, and the District Council of Mount Remarkable. Also, a big thank you to Clayton Waterman for supplying his generator. His generous support provided magnificent power. All this valuable support helped make this free community event possible, creating an opportunity for people to come together and enjoy a relaxed afternoon of food and friendship.

A special thank you also goes to the people of Hammond for their warm hospitality and for making everyone feel so welcome. Your community spirit was a wonderful part of the afternoon, and we sincerely appreciate you all.

Events like Hotdogs at Hammond remind us that sometimes the simplest gatherings can make a meaningful difference in strengthening community connections.
