About Council's Community Assistance Grants Program

The District Council of Mount Remarkable (DCMR) administers an annual Community Assistance Grants Program (CAGP) aimed at supporting local community groups and organisations in implementing activities and projects that enhance the wellbeing and connectedness of our district's residents. The program is designed to achieve the following outcomes:

- Foster a sense of wellbeing among residents through a diverse range of activities and projects.

Income

Income describes all the funds and resources that will be required to support your proposed project. Make sure you list the requested amount of the Community Grant on the income column of your budget.

Depending on your project, you might list other sources of income including funds from:

- Other grants
- Fundraising
- Sponsorship
- Tickets and attendee or participant contributions
- Organisational/personal/private contributions

When you are listing income, please note if that money is confirmed (i.e. you already have it) or is to be confirmed (i.e. you are still in the process of securing or raising it).

Expenditure

Expenditure describes all costs related to the delivery of the project. When calculating your expenses, make sure to budget for any goods or services you will need to deliver your project. Make sure that you include details, either in the budget line or by supplying a quote with your application, to help CAGP Assessment Panel understand how you budgeted that amount.

In-Kind Contributions

An in-kind contribution describes the value of goods, services or support that is being donated to the project free-of-charge. Some common examples of in-kind support include:

- Unpaid staff or volunteer time working on the project (according to Volunteering SA&NT, a volunteer should be considered as providing \$42.40 per hour support to a project)
- Donated materials
- Free venue or equipment hire
- Free advertising or marketing support

Balancing your budget

Your income and your expenditure should be the same amount (i.e. income \$ minus expenditure \$ equals \$0). This should also include your in-kind contributions, so remember to list these in both the income and expense of your budget.

Financial Reporting and Evaluation

An acquittal, in the context of grants and funding, refers to the formal process of reporting and demonstrating how the granted funds were used for the intended project or activity, ensuring transparency and accountability in financial management.

An Acquittal Statement and Evaluation Form are required to be completed and submitted to Council by Friday 31 March 2024. The Acquittal Statement verifies that the grant funding has been utilised in accordance with the Activity or Project Budget provided in the Application Form. The Evaluation Form provides valuable feedback to Council on how the community has benefitted from the Community Assistance Grants Program. If this documentation is not submitted to Council by the due date, then it may affect your organisation's eligibility to apply for funding from future grants programs operated by DCMR.

Acknowledgement of Funding

Funded projects and activities must acknowledge the support of DCMR. This should include one, or a combination of, the following:

- acknowledgement of Council's support (e.g. logo) on all printed materials related to the activity or project (including signage); or
- opportunities for a representative of Council (e.g. The Mayor) to speak at key activities, events or ceremonies; or
- opportunity to include Council message in any program related to the event or activity.
